

## **PARKING SPACES & PARKING LOT STRIPPING COLOR STANDARD**

### **PURPOSE**

1. The general purpose of the Parking Space & Lot Stripping Color Standard is to provide a Standard for contractors, A/Es and FM employees to adhere to when painting parking spaces & parking lots located on the CMU campus.
2. This Standard is not to be regarded as a specification but as a document providing uniformity in the completion of painting parking spaces & parking lots in the field.

### **GENERAL**

1. Parking spaces & Parking lots shall be painted as described herein.

### **PRODUCTS**

1. Paint shall conform to the Michigan Department of Transportation "Pavement Marking Material Usage Guidelines". This can be found online at <http://www.michigan.gov/mdot>.

### **EXECUTION**

#### **Parking Lot Stripping Color**

<b>White:</b>	Regular Parking Spaces
<b>Blue:</b>	Handicap Parking Spaces
<b>Yellow:</b>	Cross Hatches and Non Parking Zones
